Joe & Cindy Maurer: Faith, Education and Work Ethic Guide Charity

Most Reverend Roger W. Gries, OSB, Cindy and Joe Maurer, and Sister Judith Ann Karam, CSA.

Joe and Cindy Maurer were both brought up in families that put a premium on faith, education and a strong work ethic. Those qualities have driven them their entire lives and continue to guide them in their work in the community and their commitment to charitable giving.

Joe first learned about Regina Health Center (RHC) in 2009, when he was searching for a Catholic-based nursing home for his mother. He met with Sister Margaret Taylor, SIW, and learned about Regina Health Center's mission of providing compassionate care in a faith-based environment.

After his mother moved in, Joe quickly became involved with supporting RHC. As an avid golfer, he was a natural fit with the Holy-In-One Golf Outing. When asked about being a sponsor for the golf outing, he didn't hesitate to say yes. He and Cindy have been involved with RHC ever since. Joe currently serves as the president of the Regina Health Center Board of Directors and is a longtime member of the finance committee. In the community, Joe and Cindy are active parishioners at St. Basil the Great Catholic Church in Brecksville.

Education—and ongoing education—has long been important to both Cindy and Joe. Cindy graduated from Beaumont School in Cleveland Heights and Joe from St. Peter

Finding the Silver Linings

A LETTER FROM THE EXECUTIVE DIRECTOR

In my last letter in this newsletter, I talked about how there is hope in the sacrifices our residents and their loved ones have had to make due to the pandemic. Even as the pandemic has gone on much longer than we could have anticipated, that hope still remains and continues to grow with each passing day. We have chosen to see the silver linings throughout these trying times.

We received fantastic news on March 11 from the Centers for Medicare and Medicaid Services (CMS) that indoor visitation was once again permitted. There are still restrictions to keep residents safe—such as mask wearing and advanced reservations—but in-person visits and physical contact (hugs) are allowed.

These easing of restrictions are due in part to the commitment so many have made to lessen the spread of COVID-19, as well as the high percentage of residents and employees who have been fully vaccinated.

Regina Health Center was one of the first facilities in Ohio to receive the vaccine. By the middle of January, the second dose of vaccines had already been given. This also meant we were able to reopen our dining rooms to residents. To stay socially distanced, only two people are allowed at a table, but residents are still thrilled to be able to be with others and eat outside of their rooms. Our activities department also has residents doing activities together again, while remaining socially distanced.

All of this said, we remain vigilant so we don't regress in our strides with COVID-19 and can keep everyone safe, maintain indoor and outdoor visitation, and remain hopeful as we continue to take small steps to get us closer to an end to the pandemic.

Another positive sign is our Holy-In-One Golf Outing, which is planned for August 19. Thankfully, with some modifications, we were able to hold it last year and still raise more than \$215,000 through the generosity of many sponsors, golfers and donors. We look forward to a safe and successful event again this year at Firestone Country Club.

In our quest for a brighter future, we kicked off the Regina Health Center Endowment Fund in 2020. We're excited to announce that we're less than \$100,000 from reaching our initial goal of a \$1 million endowment fund. The fund provides a new option for donating to Regina Health Center and will ensure our mission and legacy of providing compassionate care can continue far into the future. In our work to journey through the pandemic and our hope for a return to normalcy, it's easy to be focused on day-to-day operations. But, it's important to not lose sight of long-term planning.

You'll find more information about the endowment fund inside this newsletter. Please consider making a donation to help Regina Health Center continue to make a difference for a long time to come and emerge from the pandemic stronger than before.

In the meantime, we'll keep looking for the silver lining and celebrating the steps along the way to a brighter future.

Chanel Catholic High School in Bedford. Cindy went on to receive a mathematics degree from the University of Arizona and spent most of her career at Eaton Corporation as a lead programmer and systems analyst.

Joe graduated from John Carroll University with an accounting degree and then earned a Master of Business Administration degree in finance and organizational behavior from the Weatherhead School of Management at Case Western Reserve University. As a Certified Public Accountant, Joe served as the chief operating officer of FISERV Cleveland, which was one of the first companies to provide online real time data processing to banks and savings and loans. After leaving FISERV, Joe started Maurer & Associates, Inc., a financial planning and tax consulting firm.

ENCOURAGING EMPLOYEE ADVANCEMENT

As part of their commitment to education, Joe and Cindy established a fund for employee recognition and advancement to encourage employees to stay and grow with RHC.

“My favorite way to donate is to encourage employees to do their best. This is the reason for the Regina Health Center Employee of the Month award program. In many businesses and health care settings, I see employees not being appreciated as much as they should be. We both believe in solid career paths for all deserving employees,” said Joe.

Joe and Cindy started donating to the employee of the month and year in 2019. They helped make the 2020 Employee-of-the-Year luncheon more special

Joe & Cindy Maurer and guests at a Holy-In-One golf event.

by making a \$250 gift to each employee who was named an employee of the month in 2020. They also gave an extra \$250 to John Robb in the maintenance department, who was named the employee of the year. In addition, they paid for Christmas presents for all employees.

In a video played at the luncheon addressing RHC employees, Cindy added, “Joe and I are very fortunate and grateful to be able to donate to the Employee Recognition program. We believe you make the difference. We want you to understand that our residents need your dedication to help them through their personal life’s journey.” ♦

Farewell: Bill Vorndran Exemplifies a Commitment to Mission for 48 Years

There's a long-running joke at Regina Health Center (RHC) that Director of Maintenance Bill Vorndran has been around so long, he was found by the sisters as a baby floating in a basket among the reeds in Lake Monica on the Mt. Augustine grounds.

His story isn't quite as legendary as Moses, but Bill has been working at Mt. Augustine—which is the Sisters of Charity of St. Augustine Motherhouse—since 1973. That was 20 years before RHC even came into existence.

Bill's tenure at Mt. Augustine and RHC finally came to an end when he retired in early April.

“We are sad to announce the retirement of our dear friend and beloved employee Bill Vorndran. Everyone here recognizes Bill for his 48 years of congeniality, dedication and service,” said Mark Yantek, RHC executive director.

Bill Vorndran working at Mt. Augustine Motherhouse in 1989, four years before Regina Health Center opened.

“ You can’t ask for a more beautiful setting and atmosphere here. Everyone genuinely cares about each other. ”

(Top) Bill in 2018 in the heart of the maintenance department with the boilers. Bill's last manger set up for the 2020 Christmas season.

THE EARLY YEARS

Bill was working as a short order cook at a Dog N Suds franchise when family friends recommended him to the dietary department at Mt. Augustine. He was hired in 1973 in the dietary department as an aide, where his salary was \$1.65 per hour.

He soon became a groundskeeper and then moved into general maintenance as a mechanic. He received training to be a boiler operator and received 3rd-class steam engineer licensing in 1977. He then became the assistant director of maintenance and finally director of maintenance in 1986. As the director for 35 years, Bill oversaw a staff that performed landscaping and

maintenance for all equipment, buildings and the expansive grounds, plus he managed all areas related to safety at RHC. For his many years of helping keep RHC in top shape, LeadingAge Ohio honored Bill in 2010 with its Excellence in Caring-Indirect Award.

In addition to his full-time job at RHC, Bill worked weekends for the Broadview Heights Police Department for many years as an auxiliary patrolman. He also has had a lifelong love of airplanes and flying, and received a student aviation license.

FULFILLING WORK

Speaking about his time at RHC, Bill said, “I loved the diversity of the many roles and the variety of work was very fulfilling.” In a “resident caregiver spotlight” article about Bill in the spring 2014 issue of *The Heart of Regina Health Center*, he had this to say about RHC, “I like being here. You can’t ask for a more beautiful setting and atmosphere here. Everyone genuinely cares about each other.”

He said he was very proud to be part of the planning process in 1993 when RHC was being developed and viewed it as an “amazing opportunity” to work alongside Sr. Judith Ann Karam, CSA, the designers and the development team for the major construction of RHC.

Bill likes to play along with the joke that he has been at Mt. Augustine since being found on the grounds as a baby. There was a photo that hung in a hallway from the late 1950s of a man in a window of Mt. Augustine when it was being built. “I like to tell everyone that it was me in the photo checking on the building and property from above,” he said.

When asked what he will do in retirement, Bill said he will be taking plenty of one-tank trips to various cities, museums and airports with his daughter Jessica and step-daughter Amber. And, he said he plans to be back for the annual Car Cruise-In and Holy-In-One Golf Outings to come. ♦

In Honor of:

Sisters of Charity of St. Augustine

We thank our many other donors who made thoughtful gifts to Regina Health Center in 2019. Please consider joining one of our Giving Circle Societies in 2020. We regret if we have inadvertently excluded or misspelled any names. Please call the mission support and donor relations office at 330.659.5132 so that we can correct any errors. Thank you.

Charitable Gift Annuities

In 2020, Regina Health Center received several finished charitable gift annuities totaling more than \$128,000. Due to the Covid-19 pandemic, these finished charitable gift annuities were a particular blessing as budgets were blown out of the water. Low census numbers, staffing costs, PPE, safety equipment for staff and resident needs, updating technology, cleaning supplies, meal delivery containers and multiple other unexpected expenses all contributed to budget challenges.

Charitable Gift Annuities (CGA) were the giving tool these donors used to support Regina Health Center. CGA donors donor benefit from receiving annual income during their lifetime and a partial tax deduction on their gifts. Going forward, a percentage of finished charitable gift annuities will go toward the endowment fund.

The amount of the charitable gift annuity is determined by the size of the donation and the donor's age. The American Council on Gift Annuities suggests the following payout rates for a single-donor annuity:

10.5%	Age 90+	6.7%	Age 75
8.9%	Age 85	6.1%	Age 70
7.6%	Age 80	5.7%	Age 65

Following these rates, a 65-year-old who donates \$50,000 will receive a yearly payout of \$2,850 (\$50,000 x 5.7%) until their death.

Call Colleen Corrigan Day at 330.659.5132 for more information and to order a personalized, no-obligation illustration showing the income and tax benefits you can gain. All requests are kept confidential and we honor all requests for anonymity.

*Rates shown are for a one-life annuity and are effective 3/1/2021. Rates may change. The minimum age is 65 and minimum gift is \$10,000 cash or securities. No commissions or fees are paid.

The first ever title sponsor has been announced. Save the date for the 22nd Annual Holy-In-One Golf Outing Honoring George Daverio. The event sponsor is SA Comunale. A special thanks to Yanke Bionics. Because of their generosity, you'll again have the chance to win the trip of a lifetime to Pebble Beach®. The raffle only has 200 tickets available for \$100. Additional 2021 early sponsors are Cascade Auto Group, Lakehurst Foundation, and Dr. Elizabeth Macintyre & Dr. Joseph Sopko.

As one of the event's founders, George Daverio played a pivotal role in making Holy-In-One a signature event for Regina Health Center.

Holy-In-One Golf Outing 2021 Honoring George Daverio: Thursday, August 19 at Firestone Country Club

The Daverios (center) in 2010 with Bishop Roger W. Gries OSB, Katie Koch, and Sr. Miriam Erb, CSA.

Sadly, George passed away on September 20, 2020. George's wife Karen and the Folk Family Foundation are honoring his memory and his involvement with the event through the title sponsorship. George and Karen have been vital to the success of Holy-In-One over the years and the significant funds it has raised that have had such a lasting impact on the mission of Regina Health Center and the lives of residents.

John Robb Named Employee of the Year

Congratulations to John Robb for being named the employee of the year! John was hired in early 2019 to be part of the maintenance team. He has a long history with Regina Health Center, with his mother having been an employee for 10 years and now a resident. John is known to respond kindly and efficiently to all the needs of residents, staff and the facility. His nominators said these kind words about him, "John is always cordial to staff and residents. Whenever he is called to help fix something, he is prompt and efficiently gets the job done."

Congratulations Nurse Sha'Lawnda Griffie on Becoming an RN

PHYSICAL THERAPY

Table Mate II tables – folding TV tray table – these are very useful for and much needed by shorter residents since they are lightweight, easy to move and fit in tight spaces.

Upright Walkers – for certain residents, this is the only way they can learn how to stand and walk again. If you happen to have one at home that you no longer need, we would be happy to accept it. (These items are also available on Amazon)
